Upcoming CRRC Events

CRRC Altitude Limited Electric Soaring Contest

September 3rd, Davis Field

2011 CRRC Fall Float Fly

Sept 10-11 9:00 AM 3:00 PM
Wayland town beach.
Don't miss this. Great time last year. See May 2011 newsletter for pictures and details.

Webmaster Callout

We are currently in great need of a new webmaster to take over the duties from Tom Stammberger who will be unable to continue beyond the end of the year. There must be someone in the club who is willing and able to manage our website. Whoever you are, please contact anyone of the current CRRC officers.

Altitude-Limited Electric Soaring Contest

Saturday, September 3, 2011
Davis Field, Sudbury, MA

Planes must be equipped with a CAM or similar circuit that cuts off power to the motor at 30 seconds or 200 meters of elevation gain, which ever comes first.

CAM circuits will be available as loaners for the day. Also CAM circuits will be on sale for $40.

Scoring will be man-on-man thermal duration with the flight time starting when the motor is turned on.

Entry Fee: $15
(includes lunch)

Registration at the field: 8-9 am
Pilots meeting: 9:05 am

For more information, contact:
Dick Williamson
williamson@alum.mit.edu
978-618-5475

CRRC 2011 Fall Float Fly

(AMA Membership required)

Wayland Town Beach
Parkland Drive Extension, Wayland, MA

Sept 10nd & Sept 11rd, 2011

Flying 9 a.m. to 3 p.m. both days
$10 landing fee for weekend

President's Letter

Summer is over (almost), and there are just two more events left: altitude limited soaring (Sept. 3rd at Davis Field) and the fall float-fly (Sept 10th and 11th at Wayland Town Beach). I hope everyone can come out to these two events. After these two events, there should be plenty of flying left in the fall as we have both Saturday and Sunday mornings reserved at Davis Field for the fall.

We will now be holding our monthly meetings at Goodnow Library in Sudbury on the third Wednesday of every month starting at 7:30 PM. Sky Andrews is working hard to line up some interesting speakers for us.

Also with fall, we need to start thinking about next year's club officers. Many of the board members have been in their positions for several years, and there will be open positions for next year. Please consider running for any of the club officer positions. We will be accepting nominations right up to the elections in November's meeting. The most immediate need is for the webmaster position because Thomas Stammberger will be stepping down soon as he will need to put the hobby on hold until he finishes his MBA. We wish Tom the best and hope that he comes back to fly with us soon.

.

– John Eppling
CRRC President

August Meeting Davis Field

Business Meeting

Vice President Sky Andrew opened the business meeting at 6:30 PM at Davis Field, Sudbury, MA. This was our third meeting “on the field” for the summer of 2011.

.

New Business

No new business.

New Wings

No new wings.

The rest of the meeting consisted of some sport flying.

Dick Roy

August 13 & 14 Soar In.

The Charles River Radio Controllers hosted the 38th edition of the annual Soar In on Aug. 13 & 14. The conditions at Davis Field in Sudbury, MA were uncharacteristicly ideal on Saturday, with copious sunshine and light, variable winds providing mostly up-wind launches.

With the "seeded man-on-man" scoring format sweeping the ESL, CRRC decided to give it a try. Dave Beach's excellent scoring program fully supports this format and made it a breeze to establish flight groups, print launch order, and enter round scores. Bravo, Dave!

To expedite launch operations, CRRC employed John Nilsson's brilliant dolly system, a 4-wheel cart pulled back and forth across the field by mini-winches with enough power to retrieve 4 winch lines simultaneously. The system worked flawlessly all weekend, and it should be noted that there was not one broken line!

Thirty contestants entered the competition Saturday, 10 in Sportsman class and 20 in Expert. We flew a 7 minute task in the first round and 8 minutes for 6 more rounds. At the end of the day, these were the results:

Sportsman Class - Saturday

Place	Contestant	Score
1	David Bradley	7416
2	Pete Nicholson	6910
3	David Bradley, Sr.	6891

Expert Class - Saturday

Place	Contestant	Score
1	Luis Bustamante	7470
2	Leszek Zyga	7353
3	Peter Schlitzkus	7266

Dave Walter, Saturday CD

The Sunday morning setup crew was greeted with steady drizzle. Thanks to smart phones and dynamic weather maps we could see that a reasonably sized clear window was approaching, so we set up everything in anticipation. By the time registration opened at 8AM the rain had stopped. At the pilots meeting just before 9 we were still missing two pilots, but we decided to start flying since we knew they "were on their way". After some juggling of flight groups they did show up and 4 rounds had been flown by the time we broke for lunch. During the 5th round we checked the weather maps and with steady rain approaching we decided to call the contest early.

Winch and retrieval operations continued to operate incredibly smoothly with no disruption. This is the smoothest contest the CDs can ever remember running.

The final Sunday results were:

Sportsman Class - Sunday

Place	Contestant	Score
1	Brandin Wait	5179
2	David Bradley	5118
3	David Bradley, Sr.	5063

Expert Class - Sunday

Place	Contestant	Score
1	Lesczek Zyga	5343
2	Tony Guide	5321
3	Jim Tyrie	5301

Weekend champion was Luis Bustamante.

Anker Berg-Sonne, Sunday CD

We would like to thank the helpers for making the contest work so smoothly: John Nilsson operating his magical retriever system all weekend. David Marshall for scoring all weekend. Joanne Bustamante for assisting with the scoring. Miner Crary for getting coffee and donuts. Fritz Bien for

winch mastering. General helpers: Welcome Bender, Warren Hopkins, David Spielman, Ken Antonellis and Dick Williamson. And finally all of the contestants for jumping in and helping when we were shorthanded. Without contestants there would be no contest and we thank all of them for investing their time and money in coming to the northernmost ESL contest.

CRRC BUILDING AND FLIGHT INSTRUCTORS

To start your flight instruction; please call our chief instructor:

Richard (Dick) Williamson
978-618-5475

Dick will match you with one club instructors. Our instructors are qualified and willing AMA pilots and fellow club members.

See http://www.charlesriverrc.org for directions to the flying fields. If you have any questions about the construction of your airplane, or want to have an experienced pilot pre-flight check your airplane before heading to the flying field, then call Brian or any of the building instructors.
