March Meeting

Wednesday, March 18th, 7:30 pm

In Person at

Goodnow Library, Sudbury

President's Message

It feels like we might finally be turning the corner toward spring. The days are getting a little longer, and even though we're still getting the occasional cold snap, hopefully flying weather isn't too far away. After a long winter it will be nice to start getting back out to the fields again.

Thanks to everyone who made it to the February meeting. We had some interesting show & tell projects. It's always great seeing what people are working on over the winter months. If you've been building something in the workshop lately, bring it along to a meeting and share it with the group.

Over the next few months we'll start getting ready for the outdoor flying season. That includes field cleanup at Davis Field as well as planning for some of our regular events like the Flea & Fly, ALES, NERDs, and the Fritz Bien Memorial Soar-In later in the summer. As always, help is welcome, so if you'd like to volunteer with any of these events please let a member of the Board know.

Our next meeting will be **Wednesday, March 18th at 7:30pm at the Goodnow Library in Sudbury**. This month we will have a return visit from Phil Rossoni who will be showing us how to build walkalong gliders. Bring a current project for show & tell and feel free to share any current or future projects with the rest of the club.

Hope to see everyone there!

Joe

Club Meeting - Wednesday Mar. 18

Please note the non-standard date! Our March meeting is scheduled to be *in-person at Goodnow Library at 7:30 p.m.* Bring something to fly, something to show & tell, or just come for some friendly company.

This month, Phil Rossoni, author of "Build and Pilot your own Walkalong Gliders" will come talk about these fascinating little, an not-so-little, very slow flyers.

Club meetings are open to the public. We welcome visitors and guests to learn about model aviation and CRRC!

Membership Renewals

Many of you have still not renewed, so please fill out the form at the end of this newsletter and get it to Adam Smith, or email it to membership@charlesriverrc.org.

Club Expenses

You might be aware that our club membership is down from our highs, but field costs continue to be our primary expense. We have reserves, but dues alone are not sufficient to cover expenses. The club always accepts donations, which you can send in with your membership dues, bring to a club meeting, or send with PayPal to membership@charlesriverrc.org.

February Meeting

We had a few show-and-tells at the February meetings. Photos below. Thanks to Jimmy Quinn for keeping the runway at School Street clear despite all the snow during February. Jimi Twofeathers and Adam Smith have been working on the 2026 School Street field schedule. Stayed tuned for details.

Volunteers Needed 2026

It's never too soon to start thinking about how you can support this club in one of the most important ways: volunteering. Without volunteers, we don't *have* a club. If you see someone helping out, say thank you, and if you see a way to help, please do! We will need help organizing an auction and all the events that need planning, and of course, club officer positions for next year.

Online Store!

Did you know that our webmaster has been quietly hard at work maintaining our website *and* bringing online the new Charles River RC online storefront? If you've seen Shawn and Roger at the field wearing CRRC "swag" and felt a twinge of envy, you can visit <https://shop.charlesriverrc.org/> or click the link on our website.

Proceeds benefit the club, so stock up!

FAA Registration

Please remember to visit <https://faadronezone.faa.gov/#/> to check and renew your FAA registration ID. Also, beware some commercial entities who are claiming to process registrations - often for increased prices. The FAA charges \$5 for a three-year registration or extension.

Check your registration when you mark each new plane/drone, so you don't miss a renewal!

TRUST Test

The FAA has authorized several organizations, including the AMA, to administer the knowledge and safety test required by congressional action.

You are now required to show proof of passing the test (along with your FAA ID number) to law enforcement or FAA representatives upon request.

The test is free and can't be failed! Take it at:

<https://trust.modelaircraft.org/>

CRRC Membership Renewal

Support CRRC by renewing your annual membership! See the last page, or contact Adam Smith (membership@charlesriverrc.org). Ages 75 and over, and under 19, are free for CRRC membership (AMA membership required to fly at fields/events, and discounted for juniors). Sixty-and-over receive a \$10 discount. Donations to the club are always welcome.

Make sure you have a current card to bring to in-person meetings and get a free raffle ticket!
